

## Call for Nominations – 2008 Health Promotion and Innovation Award of Excellence

The Canadian Institute of Child Health is calling for nominations for the 2008 Health Promotion and Innovation Award of Excellence. The winners will be selected based on their demonstrated and proven contribution to child and youth health and well-being in the community, through formal evaluation, leadership and innovation. Where possible, the work being presented should explain how the results were disseminated and the impact this work had on other disciplines and/or sectors. The award is presented annually at the *Crayons & Cravats Gala* to be held this year on November 20, 2008 in Ottawa to celebrate National Child Day.

The nomination must fit into one of the following categories:

**Category 1** - Multidisciplinary, involving two or more different disciplines (i.e., nursing, physiotherapy, occupational therapy) within one sector (i.e., health).

**Category 2** - Multisectoral, involving two or more sectors (i.e., health, justice, education, social services).

When submitting your nomination, please enter it under ONE of the following themes:

- Physical health and well-being
- Emotional and mental health
- Family health and security
- Environmental health

### Guidelines

- The author must have played a key role in the design and execution of the work being reported.
- Entries will be judged primarily on their content.
- Please submit the name of the presenting author(s) with contact information and a detailed description of your program or initiative not to exceed 400 words. If desired, you may provide attachments to the program description.

The deadline for submissions is Friday, October 3, 2008 sent to the attention of:

Janice Sonnen, Executive Director  
Canadian Institute of Child Health  
384 Bank Street, Suite 300, Ottawa, Ontario K2P 1Y4  
Fax: (613) 230-6654  
E-mail: [jsonnen@cich.ca](mailto:jsonnen@cich.ca)

We look forward to receiving your submissions for the 2008 award by mail, fax or electronically.
